

Apple Color StyleWriter 2400

Features

Outstanding print quality

- Offers 360- by 360-dpi resolution for text in crisp, sharp, black-and-white and vibrant color printing
- Takes advantage of ColorSync color-matching technology to ensure accurate color matching from screen to printer
- Provides a choice of 64 scalable TrueType fonts for printing in any size and in a wide variety of styles

Convenience

- Features an extremely compact, attractive design
- Includes everything needed to print: interface cable, ink cartridges, ink tanks, and sample media kit
- Prints on a wide range of media, including plain paper, transparencies, glossy and premium paper, and back-print film
- Comes with ColorShare technology to enable printer sharing over a variety of networks
- Supports optional LocalTalk module, making it easy to add the printer directly to a LocalTalk network
- Complies with the EPA's EnergyStar guidelines for energy-efficient operation

The Apple Color StyleWriter 2400 is an affordable ink-jet printer that provides high-performance color and black-and-white printing. It's ideal for home, education, and small-business users who require convenient, superior quality color capability.

Whether you use the Color StyleWriter 2400 to print your household budget or your child's latest art project, a class handout, or customer presentation, you'll appreciate the quality and convenience of this printer's fast-drying, water-resistant ink. And you'll find the Apple Color StyleWriter 2400 equally convenient to own. It's extremely simple to set up and features a compact, attractive design that fits easily into any work space. In addition, the Apple Color StyleWriter 2400 provides economical energy efficiency through its automatic power on/off control, complying with the EPA's EnergyStar energy-conservation guidelines.

The Apple Color StyleWriter 2400 features impressive 360- by 360-dots-per-inch resolution for color and black-and-white printing. Its speed is also impressive; the Apple Color StyleWriter 2400 prints up to 3 pages per minute for black and white and up to 0.3 page per minute for color. And it provides fast data transfer over a variety of networks through Apple's ColorShare software, allowing you to share your color printer with others on a LocalTalk, EtherTalk, or TokenTalk network. Or you can choose to add the optional LocalTalk module, for direct connection to a LocalTalk network.

Through its integrated ColorSync software, the Apple Color StyleWriter 2400 provides excellent print quality and superior color matching.

So if you want great print quality and color capability—and a pleasingly low price tag—the Apple Color StyleWriter 2400 is the printer for you.
