UP-9280.1

This Library Memo announces the release and availability of "SPERRY UNIVAC Operating System/3 (OS/3) System Release Announcement (SRA)" UP-9280.1.

This version of the SRA summarizes the significant enhancements contained in OS/3 Release 8.0. It also gives the request and ordering procedures for this release.

Release 8.0 includes enhancements for both System 80 and Series 90 systems in these areas:

■   Control system

■   Support programs

■   Languages

■   Applications

■   Communications

■   Programming aids

■   Software maintenance

Additional enhancements are provided for System 80 systems only and for Series 90 systems only.

Additional copies may be ordered by your local Sperry Univac representative.
